SUBJECT No. 311

Improvement of the Hassan town

Messrs. M. L. Kumchikoppar and Dharmappa, Hassan Municipality

D4700

Summary of discussion—For the past nine years, the town of Hassan has been declining owing to occasional visitations of plague. There are no funds at the credit of the Municipality, either for the payment of compensation for houses already acquired or for the acquisition of new ones. For this reason the roads and the drains are not kept in proper condition. Hence it is not possible to improve and extend the town without Government help. It is therefore prayed that the Government may be pleased to sanction Rs. 50,000 for the improvement of the town. A sum of Rs. 30,000 at least may be sanctioned for the present with specific directions that the said amount should be utilized only for that purpose.

Reply of Government—The matter has been referred to the Municipal Board. Its recommendations will be called for.

Sir,

With reference to your reminder No. 9920 - dated 18th June 1910 requiring submission of a report about improvement of Hassan Town, I have the honour to state that when the subject was again placed before the Municipal council at its meeting held on 30th November 1910, a resolution was passed to this effect "that a sub-committee consisting of the Executive Engineer, the district medical and Sanitary

Sanitary Officer and Rao Sahib L. Narasimhachar Municipal Councillor, be appointed to study the defects of the present Sanitary drainage System of the Town, and the Executive Engineer will kindly arrange for levels etc being taken and the preparation of a General plan and estimate of improvement of the Sanitary drainage System of the Town so that the Sub committee may be in a position to make a complete report as early as possible".

In accordance with the above resolution the members of the Sub committee have been requested to submit a detailed report in the matter and their reply is awaited

Sir,

With reference to your reminders Nos 7905 & 7981 dated 27th April and 29th April 12 respectively on the marginally noted subjects, I have the honour to state that at the ... Hassan Town Municipal Council meeting held on the 30th Novem-ber 1911, a resolution has been passed appointing a Sub Committee consisting of the Vice President, the Executive Engineer, the District Medical and Sanitary Officer, Hassan, and Mr. M.L.Narasimha Iyengar to study the defects of the Town for improvement.

Accordingly the Vice President of Hassan, has been ... requested to take needful and prompt action in the matter and to report the proposal of the Sub Committee.

After receipt of the reply in the matter, the same will be placed before the Municipal Council meeting of the Hassan Town, and the resolution recorded thereon will be submitted.

I have the honour to be,
Sir,
Your most obedient servant.

a copy of the above proceedings to depute a competent subordinate, the Executive Engineer replied to this Office in his docket No. 147 dated 7th February 1912 that he could not spare any subordinate for the work as that was the working season.

3. It is further reported by the Municipal Vice President that Mr. Venkata Rão Nijigal, who succeded Mr. A.Puttasamaiah Assistant Engineer in charge Hassan Division, when consulted again in the matter, has stated that the deputation of a D.P.W. subordinate would be considered after the close of the Official year 1911-12, and since the above officer also stands transferred to Shimoga District, the matter will have to be arranged with the coming Executive Engineer.

S.R.I.

ms 295-05/Dec

SUBJECT No 441

Improvement of Hassan town.

(a) Mr H V Rangaswmi, Hassan taluk.
(b) and (c) Mr S. Ramanna, Hassan Municipality
(c) Mr M. L. Narasimhacher, Hassan District Board

Summary of discussion —(a) Hassan was known to be a sanitarium But for the last ten or twelve years, people are considering it less desirable for residence and are taking to live in villages Except in the time of great famine, cholera was unknown in the town But now plague and cholera are our annual visitants snatching away many people The difficulty for drinking water is great Sanitary improvements to the town are very necessary Pray that with the object of improving the town the Government may come to the aid of the people by arranging to get suitable proposals made, either by the municipality, or with the help of other departments, and sanctioning the funds required therefor

(b) Pray that for the above purpose Rs 30,000 may kindly be sanctioned by Government

(c) Hassan town requires much improvement to regain its lost reputation. The opening out of the congested parts, demolishing ill-built and low built houses, clearing noxious vegetation overgrown within the municipal limits, dismantling the unserviceable drains and building *pukka* ones in their stead at proper level, keeping the roads in order and supplying good drinking water to the town, are the chief improvements required The present municipal income of the town is hardly sufficient to maintain the establishment and to keep up the existing municipal roads and buildings In order to effect the improvements suggested above the inspection of the town by an expert officer, *e.g* a Sanitary Engineering Officer, and his opinion as to the mode of improvement of sanitation, and the appointment of a separate officer for executing the works of improvement decided upon, are necessary at the minimum cost of Rs 10,000—exclusive of the cost of water-supply As stated above, the municipality is not able to meet the cost of any of the above works The Municipal Councillors are not trained in the technical sanitary matters Any suggestion made in the Municipal Council is of no avail, for the municipality has no officer of advanced technical knowledge for such purposes. Government is therefore prayed to direct an officer of the Sanitary Engineering Department to do the needful and appoint an officer of skill and ability to execute the improvements and to sanction the cost thereof and then direct the municipality to maintain the town Thus a lasting boon on the residents of Hassan town may be conferred (1) (2) (3) (4) (5) (6)

Reply of Government —If a suitable scheme is sent up, Government will favourably consider the question of financial help

Requests D.C. Kassam to submit report already called for about improvements to Kassam Rom R a subject no 441 of 1912

5th February 1909 regarding the
recommendations of the Municipal
Council in the matter, I have the
honor to state that when the
Subject was placed before the
Municipal

Municipal Board of Hassan at their meeting held on 27th February 1909, a resolution was passed to the effect that it would only be possible to deal with this subject by means of a Special Sub Committee to be appointed from the new Municipal Councillors after their election and nomination. (Vide this office reply letter no 446 dated 21st May 1909)

2 After Constitution of the Hassan Town Municipal Council under the Municipal Regulation in pursuance of Government order No 7519 - Mis 57-09-4 dated 28th February 1910 the question of improving the drainage system of Hassan Town, was again brought forward by the same member Mr M L Narasimhachar Municipal Councillor at the District meeting of Dasara Representative Assembly members held in August 1910, when it was ordered that as the formation of a Sub Committee to deal with the matter was intended, the subject would be placed before the next meeting of the Hassan

Hassan Town Municipal Council.
Accordingly when this subject was
placed before the Municipal Council
meeting held on 30-9-1910, they passed
a resolution to the effect that owing
to the absence of the member Mr
M L Narasimhachar from that
meeting the subject be adjourned to
the next meeting.

3 Subsequently in the month of
November 1910 the Subject was again
placed before the Municipal Council
meeting held on 30-11-1910 when Mr
M.L. Narasimhachar, Municipal Councillor
who moved the Subject was present
The Council then passed a resolution
appointing a Sub Committee Consisting
of the Executive Engineer, the District
Medical and Sanitary Officer and Mr
M.L Narasimhachar to study the
defects of the present Sanitary
drainage system of the town, the
Executive Engineer being requested
to Kindly arrange for levels etc
being taken and the preparation of
a General plan and estimate for
improvement

improvement of the sanitary drainage system of the town, so that the Sub Committee may be in a position to make a Complete report as early as possible

4 When a copy of the above resolution was forwarded to the Executive Engineer Hassan Division for needful being done, he replied in his docket No 68 dated 25th January 1911 that there were no P W D subordinates to spare for this work, and that if arrangements be made to have a survey plan of the town prepared by the Work Inspector or the District Overseer, the Head quarter P W D Sub-Divisional officer would be requested to give necessary instructions to them

5 In reply to the above reference the Executive Engineer was informed in this office docket No 117/P&D dated 2nd February 1911 that as the Work Inspector had to attend to Local Fund and other Works of three Taluks in addition to a Sub Taluk, and as the District overseer had to attend to Taluk Works in progress

in all the Taluks of the district, the Sanitary Inspector of Hassan Town would be instructed to prepare a survey plan after taking levels etc, of the town under the Supervision of the D P W Sub divisional officer at the District Head quarters

6 At the meeting of the Municpal Council held on 30th November 1911 it was represented that the Vice President of the Hassan Town Municpal Council might be added as Chairman of the Sub Committee appointed to study the defects of the present Sanitary drainage System of the Hassan Town. Accordingly Resolution no VI dated 30th November 1911 was passed

7 The Sub Committee at their meeting held on 23rd December 1911 at which the Executive Engineer was present passed resolutions (1) that a plan showing the general outline of the whole town of Hassan within the Municpal limits to be prepared, showing the relative levels of all the existing roads and drains (2)

that

(2) that the Executive Engineer be requested to kindly depute a P.W. Subordinate, under the instructions of the Head-Quarter Sub-Division officer, to work in conjunction with the sanitary Inspector of the Hassan Town to get up the plan etc referred to in Resolution no

8 With reference to the above -- resolutions, the Executive Engineer again replied in his do Ltr No 117 dated 7th February 1912, that being the working season no subordinate could be spared from the Public Works department to work in conjunction with the Sanitary Inspector and that arrangements may be made to have a survey plan of the town prepared and levels taken by the Sanitary Inspector to whom instructions would be given This was communicated to the Municipal Vice President

9 In his yadi No 24 dated 28th July 1913 the Vice President stated that it was not found possible for the Town Sanitary Inspector to take levels and prepare a survey plan of town

town since the Executive Engineer had not deputed any D PW Official to help the Sanitary Inspector to execute the work as promised by him, and he therefore suggested that a reference be made to the Chief Engineer in Mysore or the Sanitary Engineer to depute a full time D PW Subordinate to attend to the work in question Hence this subject was again placed before the Hassan Town Municipal Council meeting held on 31st July 1913 when they passed a resolution to the effect that a reference be made to Government requesting that the Chief Engineer be addressed in the matter of deputing a D PW Subordinate of the Sanitary Division to assist the Sanitary Inspector to take necessary levels preparatory to the drawing up of plans and estimates for Sanitary improvements to the Hassan Town

Copy of resolution is herewith submitted

10 In the above circumstances I request that you will be so good

good as to obtain the orders of
Government in the matter of
addressing the Chief Engineer
requesting him to depute a D P W
Subordinate of the Sanitary Division
to attend to the work in question

I have the honor to be
Sir
Your most obedient Servant

P. H. W. Threlkeld

President Municipal Board
Hassan District

Read General and Revenue Secretariat letter No. 6031/Mul 295-08-9 dated 25 June 63 requesting information as to Damle Representative Assembly

Assembly Subject No 441 of 1912 about
improvements to Pleasantown, and re-
-questing submission of Municipal
Council's recommendations called for
in Secretary's letter No 7345/Ms 295-09-2
dated 5th February 1909.
(2). Read Pleasantown Vice Proceedings
No 214 dated 20th July 1913 reporting that
it is not possible for Pleasantown Sanitary
Inspector to take levels and prepare a
survey plan of the Pleasantown to improve
the drainage system, since the Executive
Engineer has not deputed any Official
to help the Sanitary Inspector to
execute the work as promised by him,
and suggesting that a reference be
made to the Chief Engineer in Mysore
or the Sanitary Engineer, to depute
a full time P. W Submainte to
attend

affected by the works in question:-

Resolution. Resolved that a reference be made to Government requesting that the Chief Engineer be addressed on the matter of deputing a D. P. W. Subordinate of the Sanitary Division to assist the Sanitary Inspector to take necessary levels preparatory to the drawing up of plans and estimates for Sanitary improvements to the Grasmere Town.
